

PC Servicing & Upgrades

Based in Hallett Cove, we are well placed to service our clients in southern Adelaide.

We offer onsite and workshop troubleshooting as well as PC upgrades, peripherals and internet provisioning and configuration.

Our services are great for those who cant afford to have their systems away being fixed for extended periods, or those who do not feel confident putting their PC together once they get it back to their home or office.

We sell our own products but are happy to assist with computer products from any manufacturer.

Onsite Service

Hourly charge - \$60 + GST charged in 15 minute blocks, minimum charge 30 minutes.

Callout Fee - No charge within the 5158 post code, charged at hourly rate outside this area (see hourly charge above).

After Hours Workshop Service

Hourly charge - \$80 + GST charged in 15 minute blocks, minimum charge 30 minutes.

Pickup/Delivery Fee - No charge within the 5158 post code, charged at 50% of the hourly rate outside this area (see hourly charge above).

Upgrades

Most existing systems can be upgraded to boost performance at minimal expense, when correctly configured, systems more than 5 years old can perform well.

We carry a range of new parts and second hand parts (when available) that will help add speed, storage or functionality to your existing system.

If you have any questions about our servicing and upgrades please give us a call.
